Office Memorandum • UNITED STATES GOVERNMENT

TO : AD/RR

FROM : Chief, D/A/RR

SUBJECT: Recommended Revision of T/O for A/WAR and A/E

DATE: 22 August 1951

Some weeks ago it became apparent that the demands on our Economic Warfare and Export Control Support Branches for intelligence support of "common concern" to the various inter-agency committees in these fields would be beyond the capabilities of these branches under the existing Table of Organization.

You suggested that we submit a memorandum of the present and projected work-load of these Branches. These are attached, with the present and proposed T/O for each Branch. It will be noted that these provide one additional GS-114 and ten additional junior analysts for the Economic Warfare Branch (five of whom would be transferred to the proposed International Trade Branch if established) and three additional senior analysts, three additional junior analysts and two additional clerk-typists for the Export Control Support Branch.
